

Join The Aviation Think Tank!

Have you ever wondered what tomorrow's air transport might look like? As the aviation think tank in Germany – consisting of young and ambitious experts from various disciplines – our goal is to provide science-based answers. Located in Taufkirchen near Munich, we offer a modern working environment with open ears and doors. We are always looking for passionate and creative minds to help us push today's boundaries to new heights. **Shape the future of aviation with us today and join us as:**

Post-Doc (m/f/d) in the Field of Aviation Economics: Future Market Developments & Policies

Our challenges:

- Early detection of changes in airline market structures and novel business opportunities within the mobility sector
- Identification and assessment of efficiency improvements on airline operations and network level, supporting aviation's pathways towards climate neutrality
- Development and assessment of novel policies leveraging additional emission saving potentials on airline operational and network structure level.
- Evaluation of implications for the relevant stakeholders
- Appropriate utilization of econometric methods and tools to derive qualitative and quantitative assessments
- Active contribution within working groups on national and EU-levels with a focus of user-centric mobility and airline operations

What to expect:

- International team with a high qualification level
- Acknowledged research institution – with our feet on the ground and our thoughts in the air
- Interdisciplinary cooperation of engineers, natural and social scientists
- Modern working environment on the Ludwig Bölkow Campus in Taufkirchen near Munich
- A team-oriented working culture
- Flat hierarchies and short communication paths
- Challenging tasks
- Varied, creative activities
- Opportunities to enhance and widen competencies

We need you because:

- You are passionate to explore novel business models for airline operations and to develop supportive policies
- You have successfully completed your PhD in the area of economics with a focus on aviation - experience in airline operational and network level related research is beneficial
- You have expertise in policy development, market analysis and you feel confident in actively shaping day-to-day research
- You have good analytical, excellent communication and networking skills
- You appreciate to coordinate multi-disciplinary, joint academic and industry projects and are interested in target-oriented tasks
- You are proficient in German and English

What we offer:

- Attractive salary package according to the public tariff system plus performance-oriented compensation
- Company pension schemes
- Professional training (in-house and/or external seminars)
- Work-life balance due to flexible working hours and home office option
- Subsidised canteen and modern internal cafeteria
- Occupational Health Management
- Company sports (gymnastics, football, running group)
- Car park and good accessibility by public transport

The position is to be filled immediately and initially fixed-term. As we wish to increase the share of women in the team, we would be particularly interested in receiving relevant applications. People with disabilities will be given priority in the case of equal qualifications.

We look forward to receiving your application!
